*The 12 main Integrity Research Statements
for the Heart Lung Center Leiden*

HEART LUNG
CENTER LEIDEN

LUMC: Good Scientific Practice

GIVING A PRESENTATION:

Prepare a presentation properly

Be on top of literature and common clinical practice in the LUMC

Anticipate on questions and discuss answers beforehand

Do not answer a question if you do not know the answer

Be conscious of the consequences of your answer

WRITING A PAPER:

Discuss on a regular basis the progress of your work

Meticulous database record keeping is the start of every paper

Falsification of results is a serious misconduct

Do not try to please your supervisor with unrealistic statistics

Patient data privacy protection is paramount:

Patient information is not to be taken out of our hospital

Plagiarism is fraud

Double-check references to source

Remember: You always represent the Heart Lung Center Leiden!
